

Maths and ICT

Welcome to the Twinspace Workshop

Maths and ICT

Question - What is
Twinspace?

Maths and ICT

Question - What is
Twinspace?

Answer - A shared online
workspace for you and
your partner schools to
communicate and carry
out your project
activities in

Maths and ICT

A place to upload and share your work

Question - What is
Twinspace?

A place to communicate

A place to showcase your project work to the world

Maths and ICT

- How do I get a Twinspace?
- Just register your eTwinning project
- Who can use the Twinspace?
- In the first instance just you and your partner teacher but then you can choose to invite other teachers, pupils and visitors
- Can I have more than one Twinspace?
- You get one dedicated Twinspace for each eTwinning project that you are involved in

Maths and ICT

- How do I access my Twinspace?
 - Either through the 'Projects' section of your Desktop or direct:
<http://new-twinspace.etwinning.net>
- Why should I use the Twinspace?
 - Simple tools, safe space that you control, all your work in one place.

Maths and ICT

Do you get access to your Twinspace before your project has been approved?

Can your pupils use the Twinspace?

Can you only access the Twinspace through the Projects page of your Desktop?
