

## Twinspace: an area to share & collaborate

### Task 1: Create an activity + Content management

Step	1	2	3	4	5	6
Well done						

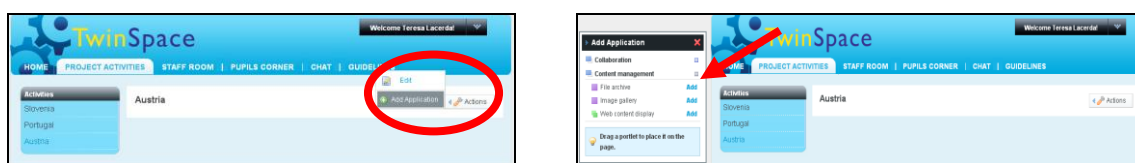

- 1) **Log in to TwinSpace** - <http://new-twinspace.etwinning.net/> (with the given user name and password for this workshop).
- 2) **Edit your profile.** Add an image and a short description of your “country” (search an image on the Internet).
  - a. Click on the button , which is in the upper right corner of the TwinSpace, and choose "My Account".
  - b. Click in "Edit Profile". Click in “Change” to upload a picture. The photo file must be a small size one and, preferably, in JPG format. Write a short description. Click in “Submit”.

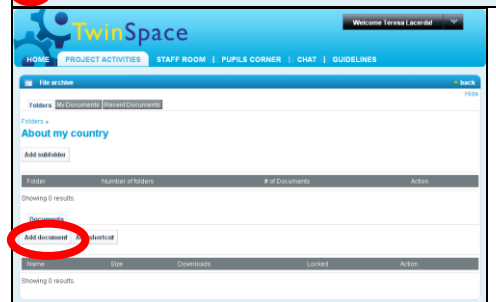

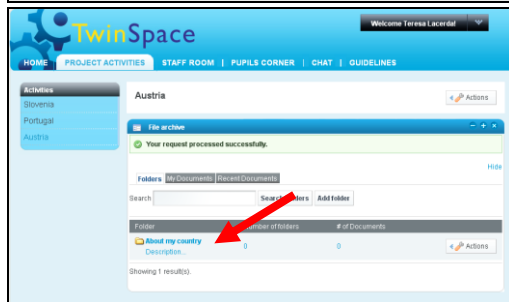

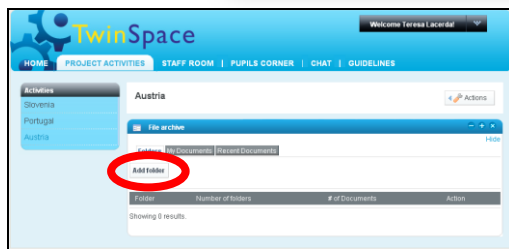

- 3) **Create an Activity Page for your “Country”** (name the country attributed for this workshop).

- 4) **Add a File Archive, folder and document (PDF, PPT, Doc, ...)** to your country’s page.

5) Add a Photo Gallery, folder and photos to your country's page.

6) Create a Web Content of your country and embed one video from Youtube.

- Add a Web Content Display. On the Web Content, click on the little notepad icon with the green plus sign.
- In the new window click in "Source" and after that you can embed the code from the Youtube or from another website (slideshare, ebook, voki, quikmaps, ...).
- Go to YouTube. Look for a video. Then, click on the "Embed" button and copy the code (press the keys "Ctrl" + "C" together).
- Go back to the TwinSpace. Paste the code in the Web Content. Click again on the "Source" button and then click on the "Save" button. Congratulations! Your video is in TwinSpace!
