"The numbers Travel around Europe" - um projeto eTwinning no 1º Ciclo

The screenshot shows the eTwinning Desktop interface. At the top, there's a navigation bar with 'eTwinning Desktop' and various menu items like 'PÁGINA INICIAL', 'PERFIL', 'PROJECTOS', 'ENCONTRAR ETWINNERS', 'SALAS DE PROFESSORES', 'RECURSOS', and 'HELPDESK'. Below this, the user profile for José Soares is visible. The main content area displays the project 'The numbers Travel around Europe', registered on 04.09.2012 and currently active. It includes a description, disciplines (1st Cycle, Visual Education, Foreign Languages, Mathematics/Geometry), languages (EN, PT, RO), and a list of project partners: Alexandrina Liliana Panca and Anna Tarczalowicz. The interface also features a 'Selo de Qualidade' (Quality Seal) and a 'Go to the Twinspace' button.

De início definiu-se que iria ser um projeto de curta duração

Principais objetivos:

- Motivar os alunos para a Matemática
- Estimular a criatividade
- Promover a aprendizagem de uma língua estrangeira
- Utilizar as TIC

- 16 parceiros envolvidos

Activities

- Getting to know each other
- Play with me!
- Let's built together!
- Contest/ Best national Homes for Numbers
- Christmas Greetings

- Fairy tales and other stories about numbers
- Counting Songs
- Videoconference
- Shapes
- Sizes
- Symmetries
- Easter greetings
- Evaluation
- What time is it?
- Math Games for learning addition

Primeiras atividades definidas;

Gerir membros

- Invite pupils
- Invite teachers and visitors
- Change pupil passwords

Membros

Este TwinSpace é constituído por 18 professores, 13 alunos e 21 visitantes.

- "Let's built together"

"The numbers Travel around Europe" - um projeto eTwinning no 1º Ciclo

Cooperation amongst teachers

Tasks play an important role

Students find different ways of solving problems

Mathematics in a different way

a projectweek 15.4.-19.4.13 in Siegerland-Grundschule, Berlin / Germany

Find Open-Ended Tasks

Learning from Mistakes

Allow diversity of ideas

Implement cooperative learning

- "Shapes"

What geometric shapes do you see in this picture?

- I see _____ squares
- I see _____ rectangles
- I see _____ circles
- I see _____ triangles

Blog

We have grown! Students from Siegerland - Grundschule

14 de Maio de 2013 17:13

We see today how much we have grown in three months.

First, we measure and then we put our size in a table. With a Power Point a diagram is created.

Sizes

After having seen your pictures in the classroom to measure the height of the students, we decided to do the same.

With everyone's help we made measurements and noted the height of students on the interactive whiteboard and a graph.

JA Size from Jose Soares on Vimeo.

At the end of the school year we again perform new measurements and then we can compare the data collected.

- "Symmetry"

Symmetry Games in Siegerland - Grundschule

4 de Março de 2013 17:13

Edit Delete

Hi friends,
today we drew at the whiteboard your pictures to the symmetry -
It was great fun and we did everything well!

Now we have some online games for you:
Lines of Symmetry

Symmetries in the classroom - Portugal

6 de Março de 2013 9:00

Edit Permissions Delete

We began by exploring some symmetries on the interactive whiteboard. After some held on our computers "Magah-Ses" and Worksheet.

3A Simetrias from Jose Soares on Vimeo.

To accomplish the tasks we used mirrors and some sights. In the coming days we will conduct some activities using multimedia games.

Videoconference 31st January 2013

31 de Janeiro de 2013 16:39

Edit Delete

Today we had a videoconference with our partners from Romania and from Portugal. We had great fun getting to know you and to hear your songs!
Greetings from Berlin
Christiane and 3c

"The numbers Travel around Europe" - um projeto eTwinning no 1º Ciclo

<http://www.scientix.eu/>

The screenshot shows the Scientix website homepage. The header is blue with the Scientix logo (a molecular structure) and the text "SCIENTIX The community for science education in Europe". Navigation links include HOME, NEWS, CONFERENCE, PROJECTS, EVENTS, and SCIENTIX LIVE. The main content area features a banner titled "SCIENTIX RELOADED" with the text: "Whether you are a teacher, researcher or project manager, Scientix will make sure you know about one another and facilitate mutual dialogue...". The banner image shows three people in lab coats and safety goggles in a laboratory setting.

This is a sidebar widget from the eTwinning platform. It has a light blue background. At the top, it says "JOIN US" with a red arrow pointing to a blue "JOIN US NOW" button. Below that, it says "LATEST MEMBER" with a green arrow pointing to a profile picture of "VALENTINA ABRICKA". The "EVENTS" section shows "February, 2014" with left and right navigation arrows. At the bottom, it lists an event: "LEARNTEC - Learning with IT" from "04.02 > 06.02 | Germany".

Obrigado pela sua atenção!
